

## Assistant Professor of Operations Management

IE University seeks qualified applicants for an Assistant Professor tenure-track position in Operations Management. Successful candidates will be expected to publish in top-tier academic journals, teach operations and supply chain management courses at the undergraduate level, interact and work closely with faculty across disciplines, and provide intellectual leadership in their own area of expertise. Applicants will have earned a doctoral degree in Operations Management, Management Science, or a related area from a recognized school by the date of the appointment.

Preference will be given to candidates with empirical research orientation, including but not limited to past or current work in econometric modeling, field experiments, empirically grounded analytical modeling, or data mining/machine learning.

IE University encourages applications from individuals who will expand the ethnic and gender diversity of our faculty. Proficiency in Spanish is not required from applicants, nor for career progression. Salary will be commensurate with qualifications and experience.

Applications should include a cover letter and resume, a one-page research statement, a statement of teaching philosophy, copies of recent publications/working papers, contact information for three references, and evidence of teaching excellence (e.g., teaching evaluations). Applications are evaluated on an ongoing basis until the position is filled. Please submit your application with the subject **Undergraduate position** to:

Sara Flores  
Recruitment Coordinator  
Email: [ops@ie.edu](mailto:ops@ie.edu)  
(Tel.: + 34 91 5689781)

IE faculty members will attend the annual meetings of INFORMS (Seattle) and DSI (New Orleans). To be considered for a conference interview, please send your resume to the above email by November 20.

IE University, which grew out of IE Business School, has taken a leading position in Europe among institutions of higher education for its excellence in innovation and learning technologies. In addition to the Business School, the university has schools of Law, International Relations, Architecture & Design, and Human Sciences & Technology. IE programs are highly ranked and recognized in the international press, and the IE faculty is comprised of research-focused, multi-cultural, and multi-disciplinary scholars, committed to helping students to develop their full potential from different perspectives.

IE University has campuses in Madrid and Segovia, Spain. Madrid is a vibrant, cosmopolitan capital city of 5+ million, offering a vast range of professional and leisure opportunities. Segovia is a beautiful World-Heritage city that offers the pleasures of a small city environment, the possibility of many outdoor activities, and easy access (half an hour by bullet train) to the heart of bustling Madrid.
