Introduction

IE University is a globally-acclaimed center for scholarly and professional excellence, and the IE Talent & Careers team is no exception to this standard. Our mission is to help students succeed in the real world of work. By staying on top of the latest industry trends and insights and forming collaborative relationships with leading global employers, the career services team is ready to help our graduates find their place in the professional world. We are proud to showcase the professional accomplishments of our 2022 Master of Laws (LL.M.) cohort.

Despite the challenging economic landscape, our global recruiting outreach has connected these high achievers to unparalleled professional opportunities. With a broad understanding of today's increasingly interconnected world and specialized knowledge gained through hands-on learning, our graduates have what it takes to navigate this complex space and stand out against the competition.

As globalization, digitalization and new technologies rapidly transform the global marketplace, it has become increasingly clear that we need a new type of lawyer: one who can skillfully blend a multidisciplinary approach with a solid grasp of international law and regulation, singular commercial awareness, and well-honed soft skills. The Master of Laws (LL.M.) trains the legal professionals of tomorrow.

By using a comparative, practical and multijurisdictional approach, our students graduate with the skill set required to work internationally and add value to clients across an array of industries. They are primed to tackle the most complex cross-border matters for the world's leading institutions. Our 2022 Master of Laws (LL.M.) graduates have rapidly established themselves as a real asset in the professional sphere, as 95% received a job offer within six months of graduation.

Most are working outside their country of origin, with 72% based in various regions of Europe—especially in Spain (44%), the

Benelux Union (11%), and the DACH region (11%) and the remaining group in other places of Europe (6%). Furthermore, 6% of the cohort now works in the Asia Pacific region and 22% in Latin America. The top areas in which our graduates are currently working are legal, industrial, consumer, luxury & retail sectors and technology. 40% have entered the legal sector, while 11% are working in the industrial sector, another 11% have roles within the consumer, luxury and retail sector and a further 11% have roles within the technology sector.

Our Master of Laws (LL.M.) graduates joined some of the most prestigious firms in the world, among them Realme, Dentons Paz Horowitz, Molinari Agostinelli, Selby Jennings and Msd, amongst others. IE Law School is committed to shaping the next generation of legal professionals—capable of navigating today's dynamic environment. Our world-class international faculty, innovative teaching methodologies and diverse learning environment provide the blueprint to succeed at the intersection of law, technology and business.

That is why we are proud of the accomplishments of our 2022 Master of Laws (LL.M.) class and look forward to witnessing their upward career trajectory. These graduates follow in the footsteps of those who came before as part of IE University's impressive global network of over 70,000 alumni. Based in over 100 countries around the globe, our alumni hold high-level positions in all types of industries and organizations within the public, private and non-profit sectors.

The IE Alumni network is an invaluable asset to our students, alumni and the Talent & Careers team alike. Wherever your career journey takes you, you can always bank on this vibrant community to connect you with professional opportunities around the globe.

Sama Bolog

Master of Laws (LL.M.) and IP & Technology Law

Nationality
Swiss

Current Position
Legal Counsel, Data Protection Commissioner
of the Canton of Basel-City

I chose the LL.M. in IP and Technology Law because I wished to pursue a career focused on privacy law. The program at IE aided me in deeping my knowledge in a more practical manner which I came to value when I started my internship at the public data protection officer in my home town of Basel, Switzerland. I am currently working as a fixed employee there until the end of June. Afterwards I will be starting an internship in a law firm in order to prepare for the bar exam. I am confident that the business perspective I gathered from the business law courses at IE will help me face the challenges encountered at a law firm.
