Today’s rapidly changing business environment requires Managers and Directors to make on the spot decisions based on financial knowledge and strategic capabilities. Decision-makers also need to understand a company’s financial health to define a sound corporate strategy.

The Strategic Corporate Finance Executive Program will broaden your perspective of financial matters within the corporate environment and strengthen your use of finance tools for making sounder decisions and running your company successfully.

GAIN THE PRACTICAL TOOLS YOU NEED TO:

- Analyze a company’s financial health and calculate relevant cash flows
- Understand debt restructuring processes
- Evaluate project investments
- Achieve an optimal debt level
- Negotiate and manage a M&A deal
- Identify benefits of public and private companies
- Define a correct dividend policy
- Overcome ethical dilemas in Finance
“A successful company has a clear long-term vision and manages cash prudently. Strategic Corporate Finance will help business leaders make correct business decisions based on a risk/return analysis and design the optimal capital structure that maximizes the value of their companies.”
