the Agenda!

## What are you going to learn?

### Soft Skills & Leadership Foundations

Boost **soft skills** that are crucial for personal and professional development. Enhance your ability to communicate effectively, understand diverse perspectives, and foster a collaborative and inclusive work environment. The whole program emphasizes the importance of these skills in the world of entrepreneurship and innovation focusing on:

- Teamwork and team building
- Negotiation
- Problem Solving
- Leveraging on diversity
- Pitching, Public Speaking and storytelling.

### Business and Management Tools & Entrepreneurship and Venture Project

Embark on a journey to explore the practice of entrepreneurship, transforming a great idea into a viable, sustainable and socially responsible company. Key topics covered will include:

- Understanding the role of the humanities in shaping your company's mission and values
- Developing a customer-centric approach, including market research and analysis. - Fine-tuning the marketing plan to effectively reach the target audience
- Committing to sustainability and social impact as integral components of business strategy
- Leveraging technology and innovation as drivers for success

**Nadya Bessmertnova**

*“The IE Summer School has been contributory in realising my aspirations and dreams. It allows one to feel the atmosphere of a modern business school and deep dive into the wide range of extracurricular activities. In just three weeks, IE has impacted my mindset, illuminating my potential future career paths. Moreover, the program has afforded me the opportunity to build a valuable network and connect with great individuals from around the globe.”*
